ASSET TRACKING

FLEET
& ASSET
GPS TRACKING.

Fleet Tracking

Leverage Geotab's fleet tracking technology and easy-to-use MyGeotab software to improve driving behavior with scorecards, trend reports, and innovative Add-In solutions for driver distraction and collision avoidance.

Fleet tracking uses a vehicle tracking device and software to monitor and manage a fleet of vehicles. Frontier Networks simplifies fleet monitoring & tracking with a low-cost subscription plan to add tracking to your fleet.

Your monitored fleet will give you data on location and vehicle health.
